About Me

UI/UX Designer with 2 years of experience specializing in creating user-centric designs for web and mobile applications. Proven ability to collaborate effectively with cross-functional teams to deliver exceptional user experiences. Expertise in conducting user research, wireframing, prototyping, and visual design. Demonstrated success in designing high-performing landing pages, dashboards, and mobile apps for various industries.

Experience

UI Designer | Peterdraw Studio
July 2024 - Now, Remote

- This is a freelance, project-based job that involves creating designs for various types of high-fidelity landing pages
- Collaboratively with Creative Director and cross-functional teams to design solutions

Graphic & UI Designer | PT Sejutacita Anak Muda Indonesia (Dealls)
March 2023 - June 2023, Hybrid

- Collaboratively with Project Manager and cross-functional teams to design solutions
- Designed high-fidelity designs for 3 projects (Dealls Career Fair, SejutaCita Future Leaders, Dealls Mentoring)
- Designed a stunning Canva Presentation Deck to aid business and sales in client acquisition

UI/UX Designer | PT Kinerja Prima Nusantara
August 2021 - February 2022, Remote

- Revamping the Property Management System with a sleek web-based design that streamlines operations and enhances user experience
- Crafting a cutting-edge web and mobile app Warehouse Management System that optimizes inventory management
- Ensure platform-wide consistency through documentation of use cases and UI elements
- Define and execute user flows, UI specifications, visual and interaction details
- Collaboratively with Product Manager, Engineering, and key stakeholders to deliver delightful product experiences

UI/UX Designer | PT Aksamedia Mulia Digital
January 2021 - August 2021, Onsite

- Created and designed user-centered and visual design by understanding system flow and business requirements
- Successfully Designing company websites for UMKM, resulting in a significant increase in sales conversion
- Collaboratively with Lead UI/UX Designer to design the design (website and mobile apps) according to business needs

Student Intern | Magesoft
July 2020 - August 2020, Hybrid

- Creating captivating game designs
- Designing and developing immersive 2D games using Unity

Laboratory Assistant | State Islamic University of Maulana Malik Ibrahim
January 2020 - May 2020, Onsite

- I mentored 20+ students in Web Programming, helping them apply programming algorithms to real-world projects
- Collaborated with lecturers and colleagues to prepare exam materials
- Successfully guided students in final exam projects
