Tools & Platforms
Figma

I have experience in the field of UI/UX Designer for 4 years and I have many projects that I have worked on. During my work, I always use the Figma application to work on website or mobile apps design projects, because the figma app is very helpful in completing tasks related to design and has many features in the apps. And I also have many projects that I have worked on, such as the E website. -Commerce, Blog Portal, company, GGPlay Web, crypto Marketplace, crypto MetaBank, crypto Lockdrop.
